## ANALYSIS OF DATA

In June, 1984, public, institutional and special libraries were mailed annual report forms. School forms were mailed in April, 1984. Academic library information was obtained from forms distributed by the Board of Regents for Higher Education in October, 1984.

Response to mailings to public, institutional and academic libraries is quite good. Response to mailings to schools is especially inadequate and the schools listed only are those which responded.

## PUBLIC LIBRARIES

Public Libraries served 2,560,109 persons, leaving 465,181 unserved. All public library statistics are figured using this per capita base.

### Income

The per capita local public library support is $7.49. With the addition of other sources of support, the total per capita support is $8.72, up 38 cents from the year before.

### Expenditures

Public libraries during FY 1984 expended $22,366,535. Of that total, 55% was again expended on salaries and 15% was expended on materials.

### Resources

Volumes owned by reporting public libraries at the end of the year totalled 4,547,824 or 2.0 volumes per capita. One volume was added for every twelve residents on the average. Each of these figures is far less than the recommended levels.

### Circulation

The reporting public libraries had a circulation during the year of 10,959,268 items, or 4.2 items per capita. The most recent available national circulation per capita is 4.5 items. These same libraries had 1,292,232 registered borrowers, 43 percent of the population of the state. Both items exceed last year's reported figures.

**Personnel**
Those public libraries supplying data had 828 FTE staff members. Of this number, 120 had a masters degree in library science. This is far below the level recommended.

## NON-PUBLIC LIBRARIES (ACADEMIC, INSTITUTIONAL, SCHOOL AND SPECIAL)

**Expenditures**
Academic libraries during FY1984 expended $24,551,064 the reporting schools expended $3,062,333. Institutional libraries expended $491,228.

**Resources**
A total of 8,495,016 volumes were owned by reporting non-public libraries at the end of 1984. The same libraries added 283,154 volumes to their holdings during the year. Together they subscribe to 69,696 periodicals.

**Circulation**
Total books and non-book library materials circulated estimated by the reporting academic libraries during 1984 was 4,205,983 items. The reporting school libraries during 1984 circulated 694,204 volumes and the special libraries circulated 48,302 items. The institutional libraries circulated 117,442 items.

**Personnel**
The personnel in the reporting libraries of these three types included 984 full time equivalents in all positions and the full time equivalent of 354 persons with a masters in library science or school certification in library science.

**Hours Open**
Academic libraries were open an average of 64 hours per week. Reporting school libraries were open 54 hours per week average and special libraries were open an average of 54 hours weekly.
